War Deserters 'Just Walked Away From Army Routine,' Cannon Says

Administrators of President Ford's amnesty program for Vietnam War draft evaders and military deserters "are bending over backwards" to help those who come forward with clean slates, a Canyon resident who just returned from a two-week tour on the amnesty administration said this week.

Dr. Tom Cannon, a West Texas State University

psychology professor, put in two weeks over the Christmas break with the U.S. Army reserves in Washington as a part of the amnesty program announced last fall by the President and due to run out Feb. 1.

Cannon, a lieutenant colonel in the Army reserves, was assigned to the Selective Service System which is administering the amnesty program and was a member of a

four-man board charged with ensuring the system was fair and equitable in handling deserters and evaders.

"I was impressed in my contact with the people administering the program within the spirit of the program rather than according to the letter of Ford's plan," he said. "I felt they went much further than I would have gone myself."

Under Ford's program,

evaders who turn themselves in are referred to the U.S. Attorney General's Office and then to the amnesty board. The board can instruct the Selective Service System to help the evaders find a suitable alternate service-type job in the public sphere.

Deserters who turn themselves in are referred to the board and they can also be assigned alternate service work or they

can opt for undesirable discharges.

It was part of Cannon's job to ensure the Selective Service System found suitable jobs for the evaders and deserters and that the returnees were given an opportunity to perform successfully on the job.

Working with the records of 500 men — the vast majority of them military deserters — Cannon had an opportunity to re-

view the reasons why they left the service, or why they left the country rather than serve military duty.

He said response from those who left the country rather than serve has been very slow, while deserters have shown more interest in taking part in the amnesty program.

"Just a personal impression, but Ford's program for deserters is going quite well and is being well re-

ceived," he said. "The evaders are very slow to respond, but there is some later interest and some breaking of the unified front of 'Hell no, we won't go.'"

From his review of the records, Cannon said it appears the military deserters are much more willing to accept the penalty or punishment for their action than are the evaders.

"My impression of the

young deserters was that they are fairly young at the time of their desertion and the majority actually volunteered rather than were draftees," he said. "They had a low education level — 8th, 9th or 10th grade, and they lacked any employment skill. In the time they have had since they deserted they had generally not done well in building new

Canyon Native Metcalf City Manager; Anxious To Tackle Development, Water

Photo by Beelee Goodwin

Cold weather didn't stop the construction of the new city hall complex here this week as

workmen began working with crane to lay multi-ton cement beams atop the complex.

A Canyon native who also began his public administration career here, Glen Metcalf, will return to the city March 1 to become new city manager.

In a session which lasted less than two minutes Tuesday night, Canyon city commissioners publicly voted unanimously to hire Metcalf to replace City Manager George Louder, who leaves Friday to become executive director of the Panhandle Regional Planning Commission.

Tom Plumlee, administrative assistant, was named acting city manager until March 1.

Metcalf, currently city manager at Abilene, will have a salary of \$15,500 per year plus car allowance.

The son of Mr. and Mrs. Ray Metcalf of Canyon, the new city manager is a 1963 graduate of Canyon High School. He graduated from West Texas State University with a business administration degree in 1969.

He served with the U.S. Army from April 1969 to November 1970 and spent a year in Vietnam.

Back from the Army, Metcalf joined the City of Canyon as administrative assistant in January 1971. He accepted the Abilene position in August 1972.

"I'm very pleased," Metcalf said following the official Tuesday night action. "I have worked with the present council members and I was very satisfied when I left there. I'm naturally familiar with Canyon's background and am aware of several problems George has started on

and I hope to continue in the same areas."

Metcalf said he is anxious to begin the procedure for possible use of community development funding from the federal Department of Housing and Urban Development.

"This is a great chance for Canyon to benefit from funds that are available and develop areas that otherwise might not be possible," he said.

The new city manager said he is in the throes of a four-city water district for the importation of water to that area from the White River Water Authority in Crosbyton.

He said Canyon will also face the problem of future water supply within a few years.

Louder, who served as city manager for 4½ years, is also a Randall County native and a graduate of WTSU.

City commissioners had met in several executive sessions recently to screen candidates for the city manager job. They met at noon Monday and then again Monday night.

In action Monday night, they named Cordell Huddleston and Ken Thompson as new members of the city planning and zoning commission and re-appointed Joe Gidden to another term on the board. Huddleston and Thompson replace Murphy White and Bill Sternberg on the board.

Commissioners also reviewed maps of the primary city streets in Canyon as prepared by the Texas Highway Department district office for participation in the Urban System program.

Ed Timmons of the THD office in Amarillo said some money might become available to aid in rebuilding streets designated part of the urban system.

A distorted view of the educated is provided by large mirrors in the West Texas State University bookstore this week as hundreds of students line up to purchase books and supplies for the new semester which began Monday. University enrollment for the spring is above the figure for spring 1974.

Technicalities, Substantial Issues To Be Canyon Case In Fri. Appeal

The first step in what could be a lengthy appeals procedure will be taken Friday morning in Austin when Canyon School Board representatives ask a deputy state education commissioner to overturn a decision made last November by the Randall County Board of School Trustees.

The commissioner's decision is not expected for a week to 10 days, School Supt. Jerry Jacobs told school board members Tuesday night.

Following the decision, which could either uphold or disallow the county board's action allowing the Amarillo School District to annex 165 acres of land in the Glendale subdivision, another appeal is anticipated—this one to the state board of education in Austin.

Jacobs said it appears likely that the matter will not stop with the commissioner of education. And, previously, he and School Attorney Elton Cox have indicated appeals through the state court system have not been ruled out.

Jacobs and Cox along with Canyon Board President Tom Keeling are to leave Canyon today for Austin where they will meet this afternoon with J. C. Hines, an Austin attorney and school law expert they have hired to aid in their presentation to the commissioner and later to the state board.

The Randall County trustees will not be represented in Austin during the hearing. Dist. Atty. Randy Sherrod, who represents the

trustees, has, instead, written a letter outlining his opinion of the case to the commissioner. Sherrod's letter says he believes the action taken by the county board in mid-November to allow the annexation was legal and was not arbitrary.

Amarillo Attorney Bob Templeton, who represents the five families in the Glendale Subdivision who petitioned in late 1973 for the annexation, is also expected to be in Austin for the hearing to argue his clients' interests.

Canyon board representatives, who filed the appeal after the county board decision allowed annexation, are expected to argue from technical and procedural as well as substantive grounds that the county trustee action was arbitrary and contrary to law.

Cox and Jacobs have indicated in recent weeks they will bring up several technical points wherein the decision was less than proper.

One argument expected surrounds the legality of the petition and survey field notes submitted by the petitioners seeking annexation by the Amarillo district. The Canyon school district will contend the petition did not meet requirements of the law, which specifies the property to be annexed must be property which is contiguous to the common school boundary line of the Canyon and Amarillo districts.

Cox has said the petition survey field notes indicate the 165 acres

More Insight Is Given On Juveniles And Crime

Somewhere in South Amarillo, young offenders have told juvenile probation officers here, there's a young but modern Fagin who's giving lessons on how to rob convenience stores.

"A couple of his graduates pulled one (a robbery) a couple of months ago," Probation Officer Ron Cowart said this week. "And, there may be another graduating class soon."

Cowart said he's not sure whether the youngster gets a cut of the robbery takes for his lessons, and he says he doesn't know either whether the youngster recruits.

The young robber expert may not be the typical Randall County junior high or high school student, but his kind are becoming more and more prevalent, according to Cowart's records, which simply expand on records released by then-Dist. Atty. George Dowlen in early January on the rise in Randall County's crime rate.

The records indicate juvenile crime is sky-rocketing. They do not indicate why.

And, they indicate the juvenile crime is not of the turn-over-the-outhouse prank variety. It's serious business—robberies, burglaries and drug usage.

Referrals to the juvenile probation office during 1974 rose by 35 per cent over 1973, Cowart said, with more than 300 juveniles being handled by his office.

The typical juvenile offender is usually 14, 15, or 16 years of age,

is from a broken home, is white, and is male.

Cowart's records show that 51 per cent of the individuals referred to his office are from broken homes and are living with someone other than both natural parents. Forty-nine per cent are living with their natural parents. The 1974 figures indicate a shift from just two years ago when 59 per cent of those referred were from broken homes.

More than 70 per cent of the juveniles referred are male.

Cowart said truancies and run-aways comprise a large number of the referrals, but there is an advance in the seriousness of crimes committed by young people.

He notes a dramatic increase in the number of armed robberies pulled by youths, the number of burglaries and the violations of drug laws.

"This is the first year we had any armed robbery reports (from juveniles) in this county,"

When a person tries to change from an "ant" to a "grasshopper" he finds that he should have begun preparing for the change early in life.

Stephens Also Files For Council

Dr. J. Pat Stephens, a West Texas State University professor of political science, filed Tuesday afternoon to have his name placed on the April 1 city commission ballot for re-election.

Stephens is currently commissioner of place 4 on the Canyon council.

Dr. Willis Harrison, local dentist, also an incumbent, is the only other local person to file for re-election or election on the spring ticket. His and Stephens' seats are the only ones up for contest.

Stephens, associate professor of political science and director of the university's public administration curriculum, was first elected to the commission in April 1973.

A native of Post, he graduated from WTSU with a bachelor's and master's degree in the early 1960s and obtained his Ph.D. from the University of Missouri in 1970.

He has taught at WTSU since 1963. Prior to that he taught in the Amarillo school system.

Stephens said he is seeking re-election because there are several program areas he is seeing implemented.

"There are some things we've started, particularly the (city hall) complex that I'd like to see completed," he said. "Also, we'll be doing some things in community development projects that I'd like to have a part in."

The city is currently eligible to receive \$760,000 in federal funds over a six-year period for various community development projects.

"There's a situation coming up down the road apiece that I'd like to help get initiated," Stephens said. "It's about time for us to begin thinking in terms of what we're going to leave our kids for a

(See STEPHENS, Page 5)

Wieck, Mrs. Irlbeck, Ferguson Are Cited By Soil Conservationists

An Umberger area farmer who's also active in civic affairs in Canyon, Ed Wieck, was named Monday morning as Randall County's Conservation Farmer for 1974 by the directors of the Palo Duro Soil and Water Conservation District.

Directors also selected a South Randall County housewife, Mrs.

Jim Irlbeck, as Conservation Homemaker, and Paul Ferguson, manager of Buffalo Lake Wildlife Refuge, as Wildlife Conservationist.

The names of the three county residents along with resumes of their activities will be entered by the local district in the state-wide Texas Conservation Awards

Program sponsored by the Fort Worth Area Chamber of Commerce.

Wieck, who serves on the Canyon School Board, farms nearly 700 acres near Umberger, and his parents farmed where they came to the county from Nebraska.

Directors cited Wieck for his

use of conservation methods in cooperation with the soil and water district, methods including the use of various types of techniques.

Bill Casteel, district conservationist with the Soil Conservation Service here, said Wieck farms 326 acres of irrigated farmland, 160 acres of rangeland, 26 acres of irrigated pastureland and several acres of dryland cropland.

Wieck has served two years on the Palo Duro district board and spent a year as chairman of the board. He also served on the Panhandle Association of Soil and Water Conservation Districts.

A Canyon school board member four years, Wieck is a director of the Canyon First National Bank and is a director of the Texas New Mexico Sugar Beet Growers Association.

Casteel said Wieck has used complete conservation techniques on his farm, including the new minimum tillage method.

Mrs. Irlbeck, whose husband farms southwest of the city, was cited for her work with the area home demonstration clubs and

(See CITED, Page 5)

For New Hospital Here Room Rates Will Be Eyed

Board members of the South Randall County Hospital District, facing the opening of the new Palo Duro Hospital within the next two weeks, also face a decision during that time on how much they will charge for a room in the new facility.

Administrator Ray Grimes said Monday night board members may meet this coming Monday to consider room charges and to sign contracts with Blue Cross and Medicare.

Grimes said he has not completed a recommendation on

room rates, but hopes to recommend rates which are competitive with rates charged by other area small hospitals and rates which are closely aligned with the rates now in effect at Nebbett Memorial Hospital.

The rates at Nebbett Memorial are now set at \$42 per day for a semi-private room, and \$47 per day for a private room.

Grimes said rates for hospital rooms in Amarillo range from \$52 to \$64 per day.

"We'll try to stay close to what we have," he said.

The room rate will be only one charge the board members must set. They will also consider laboratory fees and other fees connected with the hospital's operation.

Move in date for patients and equipment to make the transition from old hospital to new is tentatively set for around Feb. 1.

An open house for the completed Palo Duro facility was held Sunday and drew about 3000 persons, Mrs. Louis Hull, board chairman, reported during

(See RATES, Page 5)

by Troy Martin

FROM THE

CANYON RIM

I think that moving basketball back to the West Texas State University campus would do more for the school spirit than anything else at the present time.

Playing games in Amarillo leaves the team neither fish nor fowl. A lot of people including students who wouldn't miss a game in the field house are missing lots of them now.

Students tell me it's hard to get worked up over a team that never plays on campus.

It's a hardship on Coach Ron Ekker and the Buffaloes too. They have to play 100 per cent of their games on a strange court.

The Civic Center in Amarillo is both too expensive and too remote to allow much practice there.

Playing in the Civic Center hasn't added much to the size of crowds attracted over the years either and I know it has detracted from student support. The field house would accommodate most of the crowds we've had to date and playing there would certainly give the Buffs the home edge that is so important over a season of play.

I realize that the field house is not the Astrodome but "be it ever so humble, there's no place like home" and the West Texas State University campus should be home for Buffalo activities, all of them.

It looks like another foot-dragging congress.

In order to make points for 1976, a Democratic congress looks bent on dragging its feet and quarreling with the President.

The opposition party even when it is in the minority can cause a President lots of trouble and it looks like this one may be more intent on fault-finding than problem solving.

I hope this is not true.

If congress wrecks the President's plans in dealing with inflation and energy, then I hope it can come up with a workable plan of its own. I also hope that congress and Ford can come to some kind of terms so we have SOME KIND OF PLAN.

NEW LISTINGS

HUNSLEY HILLS

No. 1 Hunsley Hills Blvd.

Visiting

Patricia Jean Walker of Canyon has received the bachelor of science degree from the University of Oklahoma at the close of the fall semester.

Dr. Dudley Moore

Dr. Moore Will Seek Board Seat

Dr. Dudley Moore, Canyon physician, filed Tuesday night for re-election to the Canyon School Board.

Moore, who has served two three-year terms on the board, filled out forms for re-election during the school board meeting held Tuesday night.

He runs for place one on the board under a new election system adopted during the meeting.

Walter Graham, who has served more than 20 years on the board, also is up for re-election. He has yet to file.

Moore, who came to Canyon in 1951, is a graduate of Baylor University and served in the military before coming here.

He said he is seeking re-election because he feels his views have been in accord with those of many citizens in Canyon on school matters.

School board election will be April 5.

Two Twirlers Win Honors

The Golden Spread Chapter of the National Baton Twirling Association was host to twirlers from across the area and some from as far away as Dodge City, Kan., in a twirling contest held Saturday in the Activities Center on the WTSU campus.

Kim Landrum, a Canyon Junior High student, took top honors in the Beginners Jr. Division. Two other junior high students, Shawn Tankersley and Karen Whitson, won awards.

Tara Tankersley, a student in Rex Reeves, won the Juvenile Beginners Division. Angie Landrum, also of Rex Reeves, placed in the contest.

Tammye Sallee, a Canyon High student, and Denise Cox from Gene Howe were also awarded for their twirling efforts.

Commissioners Discourage Hospital Purchase Plans

Canyon's senior citizens, with fewer than two weeks remaining in which to raise \$30,000 to purchase Neblett Hospital, met discouraging and resistant words Monday from Randall County commissioners.

Commissioners, after hearing a plea from the Canyon Senior Citizens Association, told the representatives to forget about purchasing the old hospital for a senior citizens center and to attempt to raise money to build a new center.

They also offered to allow the senior citizens to use the J.O. Parker Memorial Building, the county-owned junior livestock show barn, until they could obtain their own structure.

Dutch Cleavinger, president of the group, said Tuesday he has called a board meeting of the CSCA for this afternoon to discuss the association's plans to purchase Neblett Hospital.

"I'm just going to set the matter before them and let them see what we're up against," he said.

Commissioners argued Monday that what the senior citizens are up against is sky-high maintenance and utilities expenses for operation of the old hospital structure, soon to be abandoned when Canyon's new Palo Duro Hospital opens. The senior citizens have been given until about Feb. 1 to come up with \$30,000 to purchase the structure.

Commissioner John Fulgenzi of Amarillo was primary opponent of the CSCA plans to purchase and operate the hospital facility as a senior citizens center.

Brushing aside the Cleavinger request for funds to help in purchase or operation of the old hospital structure, soon to be abandoned when Canyon's new Palo Duro Hospital opens. The senior citizens have been given until about Feb. 1 to come up with \$30,000 to purchase the structure.

Commissioner John Fulgenzi of Amarillo was primary opponent of the CSCA plans to purchase and operate the hospital facility as a senior citizens center.

Brushing aside the Cleavinger request for funds to help in purchase or operation of the center, Fulgenzi said flatly he believes the purchase would not be economically feasible.

"We're here with the idea you fellows might help us to obtain the building," Cleavinger said. "We felt that if we could get the building, we could make it from there. Any way you might help

us, well, we'd like to know about it."

Cleavinger said the senior citizens have figured operational and maintenance costs of the building at about \$1000 per month once the facility is purchased.

"I'd rather see you think in terms of a new building," Fulgenzi said.

But, Fulgenzi indicated the county would probably not be interested in giving financial support even to a new structure.

"Nothing's budgeted for it," he said. "Would the general taxpayer be willing to take on the extra burden?"

Fulgenzi suggested the senior citizens use the Parker Memorial Building until they had completely planned out a fund-raising drive or until they could afford to build a new structure. He suggested they think about constructing a steel building and furnish and finish it themselves.

"Speaking only for me," said Commissioner Jim Fletcher, "I would not say the county would not give you some support somewhere when you have a positive program, where you have figures, whether for a new building or the old hospital."

The senior citizens' representatives session with the commissioners ended with Commissioner Dee Griffin, Sr. handing Cleavinger a check as donation to the building fund.

In other business Monday, commissioners asked Griffin to obtain data on the country's com-

Francis Miles, owner of one of Canyon's newest industries, loads pallets he constructs for shipment.

Pallets: A Growing Business Here

What began last summer as a small, family business, the Miles Pallet Company of Canyon has already grown out of one building and into another.

The company, owned and operated by Francis Miles, builds wood pallets that are used primarily for warehouse use. The pallets make for easy moving and storage for warehouse material.

Before coming to Canyon, Miles was in the pallet building business in Missouri for ten years. A native of Hereford, Miles has been building pallets in Canyon since last August.

When the company began work, it was a family concern that built approximately 2,000 pallets per month. Now, the company has a workforce of five permanent workers and four part-time employees that build pallets to the tune of 5,000 per month.

According to Miles, the demand for his product is growing to great proportions. "In a month we'll be turning out about 15,000 pallets a month," Miles said. "When we have all our equipment in and have our shop complete, we hope to have 20 people working for us," Miles added.

Miles chose Canyon for the site of his company because he was familiar with the area and because Canyon is centrally located between his source of material and his selling area.

The fact that part-time college help would be available in Canyon was another factor involved in Miles' deciding to set up shop here.

Income Tax Help Offered In Course

A two-night course giving income tax help for individuals and businesses on "losses that are deductible" and other important information relating to the preparation of IRS tax forms will be held Feb. 20-21 from 7-10 p.m. at Room 207, University Complex South on the campus of West Texas State University.

Sponsored by the Panhandle Chapter of Certified Public Accountants and the Internal Revenue Service as a public service, the course will be instructed by volunteers from the WTSU accounting faculty including Dr. Albert Mitchell, Jess Rhodes and Jan Lamb.

The IRS will furnish the course material "Your Federal Income Tax" at \$1 per person and \$1.50 for couples.

Persons interested in attending the two-night course are urged to make advanced reservation by including the registration fee of \$1 for individuals or \$1.50 for couples, along with a registration listing of name, address, city, state, and zip code to the Panhandle Chapter of CPAs, Box 187, WT Station, Canyon, Texas 79016.

Final date for receiving registrations is Feb. 17, 1975.

Mid-Winter Retreat Held

A mid-winter retreat was held for young people of the First Christian Church at Ceta Glen last week end with Rev. Terry White, minister, as retreat director.

Students attending were Becky Boston, Dan Gerald, David Henders, James Adams and Steve Baird. Adult sponsors included Chris and Jeri Gerald and Emily White.

Harrassing Calls Reported

Harassing telephone calls, apparently made by one man, have been reported by parents of 14 and 15-year-old girls in Canyon recently.

One parent told The News her daughter and several other young girls here had received obnoxious calls from a man who claimed he represented a modeling firm in Amarillo.

"They're really not obscene," she said. "But, they're very suggestive."

The mother said the caller gives the girls an Amarillo telephone number to call, but the number is listed to a private residence.

Mike Patrick, manager for Southwestern Bell Telephone Co. in Hereford, said persons harassed by suggestive or obscene phone calls should contact police or sheriff and his office. If the calls are repeated, he said, the company can be authorized to place a "polarity trap" on the telephone system of the person being called in an effort to catch the caller.

Canyon Police Chief Al Stewart said his and the phone company's hands are virtually tied if the caller only calls once with harassing or obscene language. For the polarity trap to be successful, the calls must be repeated.

"The best thing," he said, "is to hang up on them."

Winds Blow Trailers

By DORIS McKEE
"DID THE WIND blow Saturday night and Sunday morning or not?" Boy, I'll say, the wind really did get with it. Not much damage here in the park though.

We had one trailer turn over. It was a new trailer that had just been blocked but no one was living in it yet. If the wind had been a few days later, we would not have sustained even this damage, as this trailer would have been anchored by then.

WE WANT TO extend our sympathy to Mrs. Ruby (Granny) Huddleston and the Jack Huddleston family due to the death of Morris (Hud) Huddleston, Sr.

Hud had lived in Amarillo for the past four years, moving here from Silbee, Tex. and had been associated with Siesta for quite awhile. He is survived by his wife and son, one brother, three sisters, and four grandchildren.

Funeral services were Tuesday, Jan. 21, at 11 a.m. in St. Stephen United Methodist Church.

WOULD LIKE TO welcome Pauline M. Laney Hinsley and family to the park. Also, Sue Ivey and her daughters.

MR. AND MRS. Muri Tennis bought some land and moved on to it last week. We wish them the best.

PECK RISNER WAS in Neblett Hospital for about three days last week with the flu. He is still not feeling up to par, but that flu takes a while to get over sometimes.

SATURDAY WAS SUCH a pretty day that Albert and Katie Rinne were hard at it, getting their concrete walk poured. Know that sure will beat walking in the mud. At the rate they are going it won't be long now, before they'll have their place all fixed up.

PEARL AND DALE West are still waiting on that new grandbaby and in the meantime, they have become great aunt and uncle.

Pearl's niece, Debbie, and Mike Willingham of El Reno, Okla. are the proud parents of a baby boy, born Jan. 14th. The baby weighed 8 pounds 7 ounces and is named Michael Bartley. Debbie and Mike are formerly of Amarillo.

DORIS AND KENNETH Wallace took a long week end trip up to Arkansas City, Kan. to visit their daughter, Linda, and husband, Bill Jordan, and their two

children. It sure is hard to get the grand kids spoiled when you live this far away, right Doris?

EUNICE AND BARNEY Rinehart loaded up their car and headed for the snow country Friday. They went to Albuquerque and spent the week end with their grandson and his wife, Tom and Belanie McWilliams, Jr. and went sightseeing on Saturday.

Eunice and Belanie went to the club house and played bingo until 12 Saturday night.

Don't know what happened for sure, but Eunice didn't go skiing. Could have been she forgot to take her skis or maybe she just didn't want to show up everyone else.

The Rineharts came home Monday and said it was a very enjoyable week end and hope to do it again before too long.

French Count's Reception Here

Randall County Bicentennial Committee will host a reception Friday afternoon, Jan. 24, honoring Count Reginald de Warren, consul general of France.

The reception Friday will be at 4 p.m. in the library of the Panhandle Plains Historical Museum. Count de Warren is expected to review the "Influence of the American Bicentennial in Europe" at the reception.

Canyon Mayor Manly Bryan will extend an official welcome in behalf of Canyon.

The consul general is visiting this area as a guest of Pi Delta Phi, French honorary society at West Texas State University, and will be speaking for a dinner that evening. Monica Heiman of the university's foreign language department and other invited guests will be attending the reception Friday afternoon.

Webelo Swim Day For Scouts Jan. 25

Webelo Swim Day is set for Saturday, Jan. 25, beginning at 9 a.m. at the Amarillo Town Club, 45th and Cornell Avenue, for all Webelo scouts, leaders and parents and for any boy 10-years-old interested in joining Boy Scouts.

Scouts will pay a participation fee of \$1 on registration and various testing of skills will be conducted. Those who swim one lap of the pool successfully will be admitted to the larger pool for extra events on speed and strokes. Boys not passing the first-level swim test will not be advanced beyond the first pool. Activities will conclude at 12 noon.

LINDA SHAFFER'S TUPPERWARE party turned out rather well last Wednesday morning, Jan. 15.

Attending were Pearl West, Pat Reed, Sharon Jones, Clarice Heglin, Barbara Lett, Doris Wallace, Laverne Cain, myself and Barbara Longan, the dealer. Everyone had a good time.

By the way Pearl West and Pat Reed were so anxious to go to Linda's party, that they got up Tuesday morning and got ready, only to find out that they were a day early. Just had to tell this on you girls.

CUB SCOUTS MET on Thursday after school and are working on badges. By the way any of you boys that are interested come on down and sign up, they'll be happy to have you. Cub Scout age limit is seven.

BOY SCOUTS MET Monday night and had a session in knot tying. They are planning upcoming activities.

On Saturday, Jan. 18, they had a special trash pickup and emptied trash cans, picked up any and all loose trash. It was really appreciated and sure helps the looks of our park. Thanks boys.

I AM STILL working at the rental office. Thought I'd be able to collect lots of information from the people who come in there, but it seems no one is doing anything or going anywhere.

MARTY HOFFMAN FINALLY gave me a score I could print. The 7th grade boys Purple basketball team played Hereford last Monday and lost by a score of 35 to 30. Marty said this one was pretty close.

GUESS I'LL SIGN off for this week and hopefully will have more news by next week. Keep on reading.

Thought for the week: "Live each day to the fullest, and enjoy every minute of it."

See ya.

Doris McKee — 355-4133

16 Years Service At ASCS

John E. (Jack) Frost retired as a county committeeman for the Agriculture Stabilization and Conservation Service offices in Canyon recently after service including 16 years.

As a county committeeman, Mr. Frost directed numerous federal government programs set up for agriculture in Randall County.

Mr. Frost, who has lived in Happy since 1926, resides five

VFW Roundup Attended By Local VFW Members

Mid-winter roundup of the Veteran's of Foreign Wars was held Jan. 17-19 in Austin with local representatives from the VFW Lucius Penick Post #5681 and Auxiliary participating.

Representing the local VFW Post and Auxiliary were Cal Stephens and Russell and Hazel Cumby.

miles west of Happy and had been a county committeeman serving throughout Randall County since October 1958.

He and his wife, Ruby, were both raised and schooled at Happy. They have four sons, Bill Frost at White Deer, Bob and Len Frost, both ranching in Quay County, New Mexico, and Ralph Frost, a student at West Texas State University.

Since retirement as a county committeeman, Mr. Frost will continue farming in the southern part of Randall County and continue his ranching interests in Quay County, New Mexico.

Only Four Take Bike Reflectors

"Bike Safety Reflectors" were distributed to four young Canyon bikers at a special safety program held last Saturday, Jan. 18, at Rex Reeves Elementary School under the sponsorship of Lucius Penick Auxiliary to Veterans of Foreign Wars Post #5681 of Canyon.

"We were rather disappointed — the weather was warm and nice — and our previous information showed that about 1,000 bikes within the city are in need of being marked," noted Hazel Cumby of the auxiliary.

The safety reflectors are placed on different parts of the bicycle so that the rider may be seen in the dark. Other safety reflectors for bikes will be distributed at a later program of this sort following the auxiliary's business meeting on Feb. 3.

Umbarger News

By Reba Raef
THE KNIGHTS OF Columbus will resume the monthly charity supper this coming Tuesday evening, Jan. 28.

Supper chairman for this month are the Bernard Hartman's. A good meal will be prepared, so come eat with us and help the Children's Home at Panhandle at the same time. The entire proceeds will go to the Home.

AT THE JANUARY meeting of the Umbarger 4-H Club last Monday evening judging and rifle teams were named. They will compete in the District

elimination, to be held at West Texas University this spring. Jolietta and Anita Adams gave a demonstration on how to make play dough and Floyd Hartman and Edwin Wilhelm demonstrated the proper use of hand tools.

Dates for the annual volleyball tournament were decided at the recent meeting of the Umbarger Community Association. The tournament will be held on March 6th, 7th, and 8th. More on this later.

Plans were also made to install an acoustical ceiling in the meeting room of the Community

building. ST. MARY'S ALTAR Society and Christian Mothers will sponsor a chili supper Sunday evening, Feb. 2, in the parish hall. Everyone is cordially invited to attend.

ALMOST EVERY FAMILY in the parish has had the flu or a virus of some kind during the past few weeks, but guess it's about over, as we see nearly everyone is back in circulation again.

IF YOU HAVE news for me, call me at 499-2164. Reba

for which detachment and annexation were sought are not contiguous to the boundary line.

He is also expected to argue from the standpoint that the trustees' action was precipitous in that trustees did not take ordinary precautions to ensure the petition and petitioners were within the scope of the law.

A key argument anticipated from the Canyon representatives will center around the advisability of the county trustees allowing not only land owned by the petitioners, but land also owned by Developer Glenn O'Dell, and land owned by a man who did not sign the petition, to be annexed.

Cox contends by allowing development property to be annexed, the trustees set a dangerous precedent.

Another argument will stem from the allegation that the school children now residing in the 165 acres are receiving quality education at Canyon's schools.

Cited. . .

(Continued from Page 1)

with youth through 4-H club work.

A native of Boyce City, Okla., she came to Canyon in 1958 to attend West Texas State University. She was married in 1959.

Mrs. Irlbeck has been active in the Pleasantview Home Demonstration Club for about 13 years and has served in every office of the club. She's been a member of the Randall County Home Demonstration Council, a group which she chaired for more than two years. She has also served as chairman of the Texas Home Demonstration Association.

She is also a member of the Canyon University Study Club, and is active in the United Methodist Church here and the Irene Elder Church Circle. She is a past member of the Panhandle Economic Program board.

The Irlbecks have three children, James, 14, Janie 12, and Jay, 10.

Ferguson, who's been manager

of the Buffalo Lake refuge since 1968, was cited by the soil and water conservation district for his efforts to manage people, wildlife and livestock on the multi-acre federal preserve.

Through a program of land management, he has preserved wildlife areas and increased the wildlife population, Casteel said, while also stimulating the growth of natural grasses and plants including several which are listed as rare and endangered species.

Ferguson said when he arrived at the refuge he began implementing a plan already formulated for proper use of the refuge grounds.

For his efforts, he has been awarded the recognition certificate by the Soil Conservation Society of America, and a similar certificate from the Texas Section of the American Association of Range Management.

A graduate of the University of Missouri, Ferguson began his career with the government in Illinois before going to Iowa and later to the Randall County facility.

Stephens. . .

(Continued from Page 1)

water supply — both in volume and quality."

Stephens said with all indications pointing toward the continued growth of Canyon, the commission will have to address attention also to the need and demand for more parks and recreation facilities.

"There are some things I want to see get started and a couple of things I'd like to see finished," he said.

Stephens is currently Canyon's representative to the West Texas Utilities Committee, an ad hoc association of cities on Pioneer Natural Gas Company's West Texas pipeline. He, along with Commissioner Jim Christopher, is also the city's voting delegate to the Panhandle Regional Planning Commission.

Stephens is a member of the Canyon First Presbyterian Church where he serves as a ruling elder.

He and his wife, Jane, have two children, Rob and Jennifer.

War. . .

(Continued from Page 1)

lives."

Cannon said many of the deserters did not leave the military because of an impending assignment to Vietnam or because of philosophical objection to the war itself. Their desertion was precipitated by adjustment problems to their units or to Army life.

"Very few of them — I'd say two to three percent — expressed any philosophical objection to the war," he said. "The idea of going to war didn't bother them. They just walked away from the military routine."

The majority of those who deserted, Cannon said, returned to their home areas and had taken menial jobs there.

"They made very little effort to hide, but you got the impression that no one ever really looked for them," he said. "In fact, two or three were on police forces."

The profile of the evader was vastly different, Cannon said.

"The evaders have several years of college and they are older," he said. "They have more family support — once they made the decision the families kept track of them. They tended to be more verbal."

And, he said, most of them had philosophical explanations for why they left the country rather than serve in the military.

"I got the impression that those who came back were not able to leave home psychologically," he said. "They were homesick and it finally got to them."

Cannon said many evaders may shun Ford's program because they have settled down in other countries.

(Continued from Page 1)

Monday night's meeting.

Meeting in the board room of the new hospital, the board members Monday finally made a decision on a name for the street which runs north and south connecting Spur 48 with 4th Avenue just east of the hospital. A committee headed by George Blackwell, Canyon insurance man and board member, recommended the street be named "Hospital Drive."

In action Tuesday night, Canyon City Commissioners gave unanimous approval of the name.

In other business Monday, board members instructed Grimes to contact several landscape companies in Amarillo to obtain price quotations for the preparation of a landscape plan for the new hospital property. One estimate obtained by Grimes would cost \$300.

Board members accepted the audit for their 1974 fiscal year from a representative of Brown, Graham and Co. of Canyon, and passed by-laws for the medical staff, the hospital and the auxiliary.

They also listened to a possible program which could provide manpower to aid in lawn care and yard work. Johnny Raymond of the Manpower Training Program in Amarillo outlined the program.

Crime. . .

(Continued from Page 1)

Cowart said.

It's as hard for Cowart as it was for Dowlen to pin-point why the rise in violent juvenile crime.

"We have psychological tests run on some of them and most of them come back with this phrase somewhere in there 'it's acting-out behavior,'" he said. "They're acting out something they can't express verbally."

Of course, he said, some of those involved in major crimes "just do them for kicks."

Some of the increase, he said, can be attributed to the use of drugs "but that's just a small amount of the increase."

The seriousness of crimes committed by juveniles in the county during 1974 is best illustrated by the statistics on the number who appeared in court for formal action. That number rose from only 44 in 1973 to 125 in 1974.

Nurses Set Open House

The Department of Nursing at West Texas State University will have an open house from 1 to 5 p.m. Monday to highlight their new facilities in the old science building on campus.

The old structure has been revamped to house the department of nursing and the school of agriculture.

The WTSU baccalaureate nursing program was established in 1972 and this spring the first graduating class of 97 candidates is to graduate. Currently 400 students are enrolled in nursing courses at the university.

An initial accreditation visit is scheduled for the department during February.

Bill Could Mean Money To Schools

Legislation to be presented this spring to Texas legislators with the backing of Gov. Dolph Briscoe could add an extra \$100,000 to the Canyon School District coffers, local school board members were told Tuesday night.

Supt. Jerry Jacobs said the governor is following through with a vow he made last fall to introduce legislation to provide emergency operating funds for Texas school districts, and under the formula provided in the bill Canyon could obtain an additional \$100,000.

Board members did not discuss how they might spend the money, which has not been budgeted in their 1974-75 school year budget estimates.

Jacobs said the governor has also embraced a measure for restructuring school financing from the state which would implement the so-called weighted-pupil program. He had previously said the program would mean a loss of funds to the Canyon district.

In other action Tuesday, the

board voted to change the election procedure for this and future years.

In the past, school board candidates have run at-large and not for specific places on the board.

Under the new action, candi-

dates will file for election for a specific place on the board and will be elected to fill that particular place. The system now corresponds to the system used to elect Canyon city commissioners and South Randall

County Hospital District board members.

Dr. Dudley Moore, school board member who faces re-election this year, said he favors the change to the new system.

"If it's going to get more people involved," he said, "I'm for it."

Moore drew place one on the school board, while Walter Graham, who also faces an expiration of his term this April, drew place two.

Harold Erwin will serve on place three, Richard Pruitt on place four, Tom Keeling in place five, R.B. Richardson on place six and Ed Wieck on place seven.

Jacobs told board members the big increase in school population in the Canyon schools has come from students living outside the City of Canyon.

He said the enrollment in the schools from within Canyon totalled 1210 in fall 1970. In fall 1974, he said, that number was 1246.

But, he noted, in fall of 1970, the schools had 1580 children from homes outside Canyon. In fall 1974, the number had jumped to 1945.

Board members also discussed the Friday morning hearing scheduled in Austin for the appeal by the board of a November County School Trustees' decision to allow 165 acres of land in the north part of the district to be annexed by the Amarillo school district.

Following an executive session, board members voted to extend Jacobs' contract three years at an annual salary of \$25,000.

During the session, they also reviewed contract extensions for school administrative and counseling personnel.

Heritage Group Sets Feb. Meet

Annual meeting of the Texas Panhandle Heritage Foundation will be held Feb. 13 at the Amarillo Country Club.

Dr. James Hanson, director of the Panhandle-Plains Historical Museum in Canyon, will be speaker at the luncheon. Hanson is to speak on "The Spaniards Roamed the Plains Two Centuries Ago."

Election of officers will be conducted during a business session which begins at 11:30 a.m. The luncheon begins at noon. Price for the meeting and meal is \$4 per person.

The Heritage Foundation is the sponsor each summer of the musical-drama "TEXAS" in Palo Duro Canyon State Park's Pioneer Amphitheatre.

Relaxed luxury living with a flair.

Total electric apartments, fully carpeted, with all bills paid. Dishwashers, air conditioning, garbage disposers, new laundry equipment, with several barbecue units available.

18-hole golf course, tennis courts, private club facilities also available. All this overlooking the lush, quiet beauty of Hunsley Hills.

1 bedroom unfurnished \$150 per month, bills paid. 2 bedrooms unfurnished \$165 per month, bills paid. Furnished apartments also available.

Happy News

Happy Applauds New Hospital Too

By MARY NEAL HENRY

THE PALO DURO Hospital is beautiful. Randall County certainly be proud of it. A large crowd toured the facilities on Sunday. Several of that number were from Happy.

Vernon Harman was wearing a Director's label and helping to greet people, etc. (Actually he isn't from Happy anymore, but he lived in Happy longer than he has lived in Canyon).

Kaye Venhaus, who is now employed at the hospital, was also on hand to help with the open house.

Dr. Boswell and Dr. Nester were the only doctor's paths we crossed. And say, aren't their offices beautiful! The whole thing looks both convenient and pretty.

Helen Hayes was showing off the beautiful green carpet in her office — her favorite color — and Virginia Rossiter was explaining the rooms and lighting.

Some of the Happy people touring about the same time that we were were Myra Nell and Everette Culp, the Dick Foster family, the W.D. McCarleys, and we saw lots of Canyon friends, too. Among them were the Campfields. Mrs. Campfield tells me that they will soon celebrate their 50th wedding anniversary. Congratulations!

We also got to say 'hello' to Troy Martin on our tour through. Someone had to "mind the store" probably while the rest of us enjoyed the new facilities for an afternoon.

HAPPY COWBOYS LOST their game last Friday night to Spade 63 to 53. Half-time score was 37 to 28. Lonnie Tackitt sprained his ankle badly in the second quarter and was unable to play during the rest of the game. The Cowboys threw away enough passes to give Spade the game. One Spade player hit Johnny Payne in the face and I thought the referee put him out of the game until the player didn't sit down.

The Cowboys weren't playing a peak performance game or the victory would have belonged to them.

Happy Cowgirls did beat Spade 46 to 41. This group was playing well and taking advantage of all their opportunities.

HAPPY 'B' COWBOYS and Cowgirls played in the Grace Christian Roundball Tourney last week end. The Cowboys scored 66 points on Friday to beat their opponents badly and then lost to Vega 'B' on Saturday afternoon 37 to 18 in one of the most disheartening games that I have seen.

Two officials did call the game.

During the second half of the game, one of the officials made one call. I kept track. The other one, a Kenneth LaFavor, who told me that he was a teacher in Palo Duro High, blew his whistle repeatedly in Vega's favor.

Over half their points were free throws. Only four fouls were called against the Vega 'B' team. They repeatedly stayed in the lane longer than three seconds and when attention was called to the fact, he called it against Happy.

Even I, who am so critical of poor sportsmanship in fans, yelled during the closing minutes of the game, "Throw it to the referee, he is open." We teach our children to be fair, to be honest, to play the game well, to be a good sport, and we find an adult who stoops so low as to abuse his responsibility toward the youth of our schools.

The game was called so badly, that had the situation been reversed, I would have felt guilty about victory. I do not understand any adult displaying such examples to a young ball club... any team.

Teachers have a far greater responsibility than just a job. They are an example daily to the future of America. They should love their work and the students with whom they work or they should not be in that profession.

PHYLLIS AND MELVIN Bradley of Gruver attended the Livestock show in Amarillo last week end. They also square danced at the jamboree in the Villa Inn Saturday evening. Sunday they visited in Happy with Bert and Annie Lemmons and with us.

Phyllis Bradley has recently been named Assistant Cashier in the Gruver State Bank. This promotion makes Phyllis an officer of the bank.

RAPHE SHIPMAN WON second place light weight cross breed in the Swine division of the Amarillo Livestock Show. Raphe's cross bred pig won three second places in three shows.

A SQUARE DANCE group met Monday evening for the first of their lessons. They'll meet each Monday evening in the building on Main Street owned by the 'Happy Syndicate.' (Used to be the T.L. Fore building).

Happy News

(Continued from page 6)

HAPPY TRI-STATE HIGH School Rodeo Club met Monday afternoon to make plans for their summer rodeo and to enter scheduled rodeos. They ordered trophy saddles and made arrangements to contact a stock contractor.

HAPPY JAYCEES MET Monday evening at the Jaycee Hall. President Jim Whitlow called the meeting to order. Plans were finalized for the Jaycee Auction next month. Be sure to call 764-2191 or 764-2842 by Feb. 1, to get your item listed on the sale bill. That auction will be Feb. 15 at the Happy Rodeo Arena. Plans were also made for the

Distinguished Service Award Banquet to be held in February and a basketball game to benefit the Cancer Crusade. Happy Jaycees also made plans to enter a team in the Volunteer Firemen's Tournament and to sponsor a Little Dribblers' Basketball Team. \$40 was donated to the Happy Cemetery Fund in memory of Hank Magness, Sid Guest, John Sims and Charles Poff.

HELEN AND CARL Bryan and their Rowdy recently hauled cattle to the Mansfield area, so they took in the rodeo at the Kow Bell arena. They visited Jack and Jan Ratjen, who are reported doing well. The highlight of the rodeo was some people from England who were seeing their first rodeo. Helen said they were

as good to watch as the rodeo.

I TRAVELED TO Lubbock last Friday to a Budget Committee meeting of Texas CowBelles. Margaret Dauer of Panhandle picked me up in Happy and we traveled together. Frances Owen of Lubbock, Janet Middleton of Henrietta, Janet Middleton of Big Spring, and Odessa Burnett of Abilene were also there. We ate lunch in the Lubbock Club and met in the bridge room of their First National Bank.

Frances Owen, the 1975 Texas CowBelle President, spoke to the Happy CowBelles at their recent meeting about the strong optimism of the American Cattleman and that solutions to existing problems would be found in the best interest of everyone. She gave an excellent pep talk.

Next week is the National Convention of American CowBelles and Cattlemen. This year's event is being held in Las Vegas, Nev.

DESE CARP OF Pringle (used to be Townsend) was in Happy last week. She looks as pretty as ever.

BARRY STEVENS MOVED to Pringle last Saturday. Barry will be coaching and teaching there. He reported that he won his first ball game.

Revival To Begin Jack Paul of Overland Park, Kansas will be preaching in a "Campaign for Christ" Jan. 26-29 at 7:30 p.m. at the University Church of Christ, 3400 Conner Drive, Canyon.

Hospital Staff Moving

When the new Palo Duro Hospital opens for business about Feb. 1, Administrator Ray Grimes hopes to have the equivalent of 40 to 43 full-time employees on hand.

That total includes one administrator, a business manager, two insurance clerks, switchboard operators, medical records personnel, a nursing staff of 11 registered nurses, five licensed vocational nurses and nine nurses aides, laboratory technicians, maintenance engineer, and kitchen staff.

When the new hospital is opened Terry Pittman will remain as business manager, Mary

Wieck will supervise medical records, Mrs. Helen Hays will be director of nursing, Debbie Saunders will oversee the laboratory, Larry Cathey will be x-ray technician, Mrs. Nancy Noggler and Mrs. Roberta Parks will oversee the kitchen, and Kenny Russell will be maintenance engineer.

Visiting

Mr. and Mrs. Charles Gerald and children, Dan and Kathy, have recently been on a week's vacation to Disneyworld and also took in numerous other sights in the area including the Cypress Gardens.

Bicentennial Discussed At January Business Session Of Heritage Club

"Bicentennial Activities in Randall County" was the subject of a discussion led by Mrs. Jane Stephens, Bicentennial Festival Committee chairman, at the meeting Monday evening, Jan. 20, of Heritage Woman's Club.

Mrs. Stephens presented an outline of Bicentennial plans for the community and encouraged the club to participate in current funding efforts, as well as provide an exhibit for the Summer Festival. She also noted to the group that national tour guides for the Bicentennial are available at no charge from the Amarillo Chamber of Commerce.

Heritage Woman's Club members voted to have a "quilting exhibit booth" for the summer festival after the program.

The membership meeting was held at the Orrell Vise home with Mrs. Ronnie Gordon and Mrs. Merrell Winstead as co-hostesses.

"My Country 'Tis of Thee" was sung as the opening exercise with Mrs. Vise leading the club collect and Mrs. Jimmy Marrs, president, in charge of the business meeting.

The club business discussion included "a review of the needs of Kelly Forehand" and the club decided to sponsor a fund-raising

project in his behalf soon. It was proposed that the Forehand fund-raising project be designed as a city federated club project with the other clubs of the city, if possible.

A discussion of the Feb. 1, "Game Night" being sponsored by the Canyon City Federated Club Council was also conducted and members were distributed

tickets for sale. The game night proceeds go to the Canyon division of the Opportunity Plan. Mrs. Ronnie Gordon of the HWC is co-chairman for the upcoming Game Night to be held at the Activities Center Ballroom of West Texas State University from 7-10 p.m. on Feb. 1. Tickets are \$1 per person.

"March of Dimes" packets were distributed by crusade chairman, Mrs. Orrell Vise, as members were reminded of the drive to be held Jan. 26. The Panhandle's "poster child" is Scott Hollabaugh, son of Mr. and Mrs. Carl Hollabaugh of Canyon. Mrs. Hollabaugh is a member of the Federated club.

HWC members were also presented with Shril Alarms for sale to residents of the community as a project. Plans were reviewed for a Famous Couple's Costume Party for members and husbands to be held on Feb. 14 at the Larry Brandon home.

Early plans were also discussed for an annual HWC Talent Show which this year will feature a sealed-bid sale of an original painting by local artist, Dimple Crow. The painting will be displayed in the city prior to the Talent Show and sealed-bids

will be taken with the painting being awarded at the Talent Show.

Mrs. George Louder reported to the club on the recent "Friends of the Library" organizational meeting and distributed information leaflets to HWC members at the meeting.

The federation report given by Mrs. John Plank included a review of the club's achievements during the past year and various department chairmen gave highlights of their reporting year. The club president, Mrs. Marrs, concluded the reporting session with distribution of daisies for the department chairmen serving this year.

A report from the nominating committee was held and officer election conducted with Mrs. John Plank being named president; Mrs. Ronnie Gordon, vice president; Mrs. Phil Pennington, secretary; Mrs. Merrell Winstead, treasurer; Mrs. Rick Starzecki, parliamentarian; Mrs. Steve Wisniewski, reporter-historian; Mrs. George Louder, program chairman; Mrs. Mike McAttee, yearbook chairman; Mrs. Carl Hollabaugh, ways and means chairman; and Mrs. Orrell Vise, Les Amies sponsor.

Childhood Stories Are Fine Arts Club Study Theme For '75

"My favorite childhood story" was the roll call for Canyon Fine Arts Club at their meeting Monday evening, Jan. 20, in the home of Mrs. H. R. Fulton as the club continued their current study theme "Children and The Arts."

Program for the evening featured a children's literature discussion by Ocoee Holt and a presentation of children's music by Seigmeister and Tansman given by Sybil Youngblood.

Donna Umberson, club president, presided as the 19 members present held a discussion of their plans being made for the upcoming bicentennial observance. The club is considering a wall hanging project for the new facilities of Canyon City Library and a project study committee was appointed.

Next meeting of the club will be Feb. 17 at 7:30 p.m. in the home of Mrs. Myron Dees.

BSP Chapter Holds Business Session Here

Alpha Theta Delta chapter of Beta Sigma Phi sorority met Monday evening, Jan. 13, at the home of Mary Alice Hines, president, for a business meeting.

Donna Pittman, social committee member, reported on the success of holiday parties held for BSP members and their children's party and Sue Lewis of the service committee noted that the chapter's gift certificate had been given to a Canyon family in need during the holidays.

A report on the executive coordinating committee for BSP sorority chapters here was given by Mary Alice Hines. The coordinating committee is presently making plans and selling tickets for a Valentine Ball to be held at the Kappa Alpha Lodge on Feb. 15. Tickets are selling at \$6 per person and the ball will feature the Young Country Sounds.

Other chapter members present for the business session were: Martha Bethel, Virginia Gimes, Judy Hill, Vicky Simmons, Carol Clark, Cindy Gales, Elaine Koch and Theresa Lewis. Next regular meeting for the group will be Monday, Jan. 27, at the home of Vicky Simmons.

CANYON DAMES officers for 1975 were installed at the January 16 meeting including from left, seated, Janet Hand, president; Evelyn Kopeczynski, vice president; Mildred Wallis, assistant vice president; and Nancy Bagley, secretary. Standing, l-r, are Anne Bell, assistant secretary and publicity committee; Donna Kimble, telephone committee; Ruby Davis,

co-publicity chairman; and Reva Williams, baby-sitting service. Not pictured were Cassie Clark, hospitality chairman, and retiring president, Sharon Williams, who will serve as assistant president for 1975. The Canyon Dames meet monthly with prospective and newcomers welcome to join at any meeting on payment of \$3 yearly dues.

Local Women Tour Holy Lands, Greece

Three Canyon women including Miss Lou Ella Patterson, Mrs. Gladys Haines and Mrs. Martha Goodman have returned from a trip to the Holy Lands and Greece.

They joined a large tour group in Lubbock and another in Dallas for the trip and were accompanied from the local area by Miss Anna Mae McClune of Amarillo.

In a report of their travels, the three Canyon women note that "the weather was delightful and they saw the most noted places of the Holy Lands."

"The first day was spent on a walking tour within the walled city of Jerusalem, also known as the Old City," and Mrs. Goodman noted that "the newer part of the city without walls is called the New City." On the walking tour they retraced the steps of Christ from the place of his condemnation to the point of the crucifixion which is called the Dolorosa or "Sorrowful Way."

Within the walled city is the Dome of the Rock, a cathedral

built where King Solomon's Temple once stood. They were also impressed by the "wailing wall" where Jews still pray for coming of the Messiah.

Various other sights seen by the group included the Garden Tomb, Garden of Gethsemane, Tomb of Lazarus, Good

Samaritan Inn and the "room of the last supper" at the Israel Museum where they viewed the Dead Sea Scrolls, found in 1947.

The tour group had several all-day bus trips taking in such sights as Nazareth, Mary's Well, Bethlehem, Mt. Carmel, Jacob's Well, the Dead Sea, Jericho and a

boat ride on the Sea of Galilee. In addition, the group had two days in Greece, where they retraced Paul's steps and climbed the hill overlooking the city to see Acropolis and Mars Hill where Paul preached and spent a day at Corinth.

Mrs. Goodman is presently working toward another trip to include seven countries in Europe which is to depart June 20. The European trip is to be followed with a tour of Scandinavian Countries and persons interested may contact her at 655-3412 for information on either.

A recent tour of the Holy Lands and Greece was taken by Canyon women, from left, including Miss Lou Ella Patterson, Mrs. Gladys Haines and Mrs. Martha Goodman. They are pictured at the Acropolis in Athens during the tour.

Canyon MILs Hold Officer Election

Canyon Mother-in-Law Club met Thursday, Jan. 16, for the election of new officers and named Mrs. Fred Marshall as president.

The meeting was held in the home of Mrs. C.W. Dunn with 10 members present.

Other officers named were Francis Northcutt, vice president; Mrs. J.G. Ford, secretary; Mrs. C.W. Dunn, treasurer; Mrs. Gladys Blair and Mrs. Carman Davis, co-devotional leaders; and Mrs. Clay Dawson and Eva Mickey, songleaders.

Refreshments were served to Mesdames J.G. Ford, R.E. White, Eva Mickey, Jessie Vaughn, Fred Marshall, Clay Dawson, Gladys Blair, Nancy Boyce and guests, Mamie Hilgenfeld of Canyon and Althea Rauh of Amarillo, by the hostess, Mrs. Dunn.

SPRY Club Today

The SPRY Club will gather at 11:30 a.m. at the Fellowship Hall of First United Methodist Church of Canyon today, Jan. 23, for a covered dish luncheon, games and refreshments. The devotional will be given by Mrs. K. E. Frieze. All residents are invited to provide a covered dish and join the group's activities.

Quilt Designs Are BSP Program Topic

"Different designs of quilts" was the subject of the program presented by Sandy Martin for members of Chi Upsilon chapter of Beta Sigma Phi sorority at a meeting Monday evening, Jan. 20, in the home of Marlene Howell.

Nell Haws presided during the business meeting in the absence of Marge Sharp, president. Members discussed the upcoming Valentine Ball to be held at KA Lodge, Feb. 15, from 9 p.m. to 1 a.m. with tickets selling at \$6 per person. Reservations may be made by calling 655-7966 or seeing a sorority member. The Young Country Sounds will provide music for the dance.

Marilyn Pitt received the chapter's door prize and will be hostess for the next meeting on Feb. 3 in her home. Attending Monday evening were Nell Haws, Marlene Howell, Jerri Rozell, Vi Taylor, Sandy Martin, Carrie Bertrand, Marian Thompson and Marilyn Pitt.

Kuykendalls Son Born Here

Mr. and Mrs. Jim Kuykendall of Littlefield announce the January 8 birth of a son, Matthew Todd, who weighed 7 pounds, 3 ounces and measured 20 inches at birth in Nebbett Memorial Hospital in Canyon.

The infant's father is the assistant County Extension Agent for Lamb County. Grandmothers of the infant are Mrs. Frank Wright of Fritch and Mrs. Beth Kuykendall of El Paso.

Bufs Win Last Two

Following a 77-75 Missouri Valley win Saturday night against Tulsa, the West Texas State University Buffaloes made it two in a row Monday night by defeating the Greyhounds of Eastern New Mexico by a score of 82-55.

Coach Ron Ekker's entire squad saw action in the contest. Joe Casey and William Dase shared the high-point slot for WT with 15 apiece. Howard Taylor and Eugene Smith were close behind with 13 and 14 points respectively. Reggie Ramey also hit the double figures with 10. Ramey's ten points enabled him to move up to eighth place on the list of WT's all-time scorers with 976 points in 60 games.

The Bufs, as a team, hit 49 per cent of their shots from the field.

The Herd begins a two-game home stand tonight against the Aggies of New Mexico State. Saturday night, the Bufs will be in the Valley again facing Tulsa.

New Mexico State will be a formidable foe for the Bufs to tangle with tonight. In a pre-season poll of MVC coaches, the Aggies were picked to take seventh place in the Valley, but, to the surprise of a lot of people, NMSU is currently ranked 19th in the nation. Their only conference defeat has come from the hands of unbeaten Louisville.

655-7108

It's not getting any better. Don't pass up 7 1/2% on a new home.

Spearman Game Tues. Changed

The scheduled Canyon Girl Eagle versus Spearman Lynxettes game set for Tuesday night has been cancelled, Coach Bob Schneider said Wednesday.

He said the Girl Eagles will travel to Boys Ranch for a game that night rather than to Spearman.

The JV game is to begin at 5 p.m. with the varsity game to begin at 6:30 p.m.

Bill Dugan of Happy and John F. Robinson of Canyon have been elected to represent Randall County in the High Plains Underground Water Conservation District 1. The man will serve for four years.

Robena Johnson, 20, stand-out for the Canyon Girls Eagles, goes up to score two of her 55 points in Tuesday night's Eagle drubbing of Dumas.

Hereford, Tulia Win

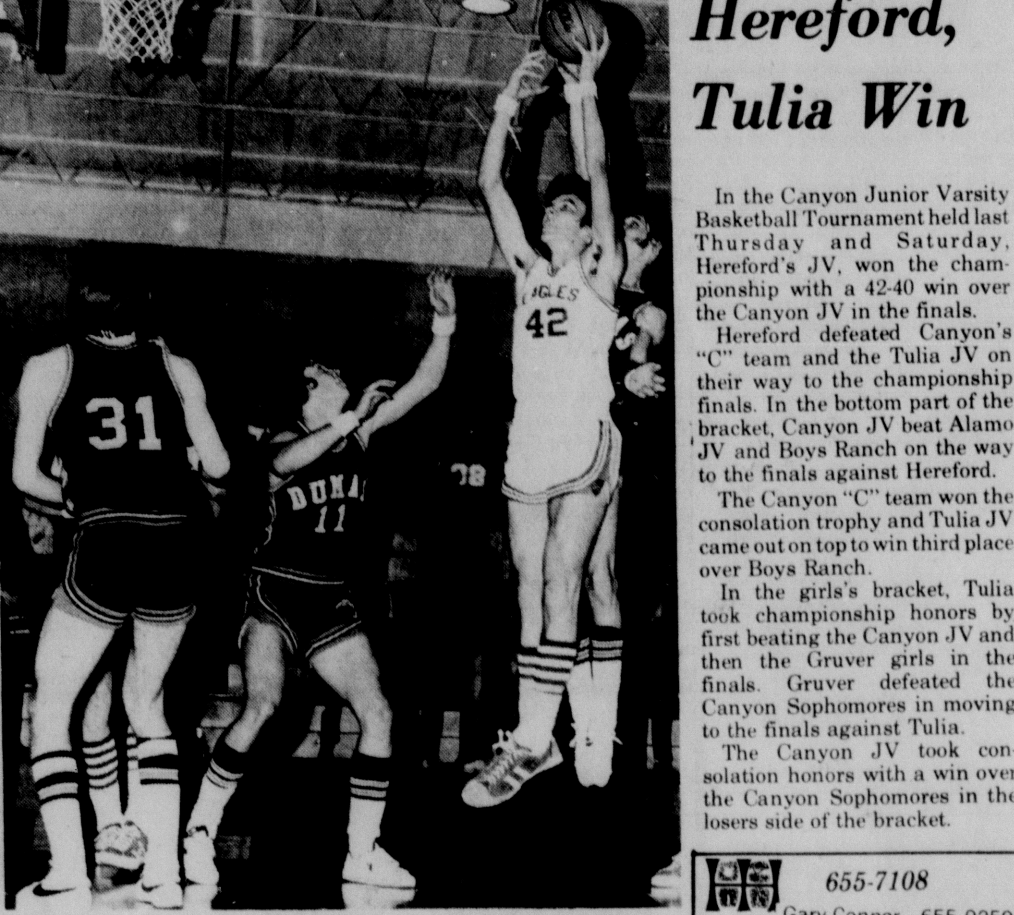

In the Canyon Junior Varsity Basketball Tournament held last Thursday and Saturday, Hereford's JV, won the championship with a 42-40 win over the Canyon JV in the finals.

Hereford defeated Canyon's "C" team and the Tulia JV on their way to the championship finals. In the bottom part of the bracket, Canyon JV beat Alamo JV and Boys Ranch on the way to the finals against Hereford.

The Canyon "C" team won the consolation trophy and Tulia JV came out on top to win third place over Boys Ranch.

In the girls' bracket, Tulia took championship honors by first beating the Canyon JV and then the Gruver girls in the finals. Gruver defeated the Canyon Sophomores in moving to the finals against Tulia.

The Canyon JV took consolation honors with a win over the Canyon Sophomores in the losers side of the bracket.

District Opens With A Win And A Loss

The Canyon High School Eagles and Eaglettes began district play Tuesday night by playing host to Dumas. The boys lost 58-57 in a hard fought game that went down to the wire. The Eaglettes continue to roll toward an unbeaten season. They smashed the Dumas girls 104-31.

According to Coach B.B. Kendrick, "We got beat at the foul line." The Eagles went to the foul line only six times while Dumas received 23 charity tries.

Kendrick's crew outshot the Demons from the field by a respectable 14 point margin, but the number of free shots awarded to Dumas cancelled out this statistic.

Lynn Wright led the Eagle scoring attack with 25 points followed by John Johnson with 16. Brent Rice was high for the Demons with 14.

"A good effort was put forth, but we lacked good defense and we didn't take advantage of some breaks," Kendrick said.

Coach Bob Schneider's didn't have it so tough. They coasted to an easy win over the girls from Dumas.

Out of the 104 points scored, Robena Johnson accounted for 55. Miss Johnson was not to be denied when she had the ball under the basket. Three other Eaglettes hit the double figures.

Louise Davis and Brenda Stevens had 13 and Pam Woolsey was good for 12.

The Eaglettes sank 57 per cent from the field.

Denice Hamblin led the guards with an excellent defensive grade of +8. Penny Peckenpaugh, Marci Davis, Janet Sluder, and Rene McDonald all graded out with a +6. Rounding out the defensive effort, Lisa Cathey and Polly Crawford had a grade of +5 and Cheryl Brown had a +4. Lisa Cathey also went to the forward position and scored six points.

Both teams travel to Muleshoe Friday night for another district match-up.

Bufs' Conner: Lean and Mean

By KEVIN LONG

If all college forwards were built like West Texas' 6-4 Jim Conner, Ralph Nader would probably demand their recall, or at least suggest a few safety features in case of a collision. Conner would not have much trouble convincing people he is an exchange student from Biafra, he looks so much like the advance man for a famine. But Jim Conner plays basketball for the Bufs. And it is much funnier to laugh at him than it would be to play against him.

His withered frame disguises his aggressiveness and toughness but Conner pushes his weight around, if that is believable. The game looks extremely difficult for him — as if his next shot might be his last because some vital part, an arm or leg, had fallen off and hit the floor with a clank. But the man they call "Slim" survives.

In the beginning of the year the possibility arose that Conner might play guard, first because his quickness allows him, and second because no one was sure if he could take the daily beating that is given out on the boards. But the boney New Mexican filed his elbows and showed onlookers that he did not need a Charles Atlas manual to play tenaciously. "Jimmy will probably have to swing to guard in order to enhance his college career," said head coach Ron Ekker, "but right now he helps the team most at forward." In early season workouts he played like a kamikaze, ignoring the self-destructive element. Conner wasn't about to let anyone kick sand in his face.

Conner came to West Texas from Albuquerque High where he earned all city and all-state honors on a team that was state runners-up twice. Last year he averaged 10.6 points and 6.8 rebounds for the jayvees and scored 22 points and nine rebounds in 12 varsity appearances. "Jimmy has improved quite a bit," said Ekker, "and he has played more college basketball than anyone ever thought he would when he came out of high school."

WHAT'S HAPPENED TO MASTOID OPERATIONS?

Thirty-five years ago Mastoiditis, an inflammation of the mastoid bone cells located behind the ears, was responsible for many operations which left unsightly scars. Now, a prescription for a few dollars worth of medication, if taken in time, makes an operation unnecessary.

But, any pain about the ear should receive immediate medical attention. You save sickness time and perhaps even your life when you consult a physician.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

Porcelain Art Club Meets For Session On 'Color'

Canyon Community Center was the site of the regular monthly meeting Friday, Jan. 17, for Palo Duro Porcelain Art Club of Canyon.

Mrs. Lynn Bennett was hostess and presented the program on "color." In her discussion she pointed out that the quality of an object on substance with respect to light reflected by the object, usually determined by measurement of the hue saturation and brightness of the reflected light, the property of finite saturation or chroma. Chroma is the purity of color or its freedom from white or gray.

Club members discussed problems in firing certain colors and how to remedy them from fading or being too bright.

The business meeting was called to order by Mrs. Lewis Morrison, president. Reports were given by each committee

chairman which included a report from Mrs. J. M. Justiss, Mrs. Emzy and Mrs. Morrison who attended a state board meeting earlier this month in Brownsville. Plans for the state convention and exhibit are being made for April 2-5 in Brownsville. Mrs. Morrison has been nominated to serve as auditor for the 1975-76 term for the State Federation of the Porcelain Art Club.

Members present were Mesdames, Charles Donnell, Jack Jennings, Jimmie Christae, Kenneth Erwin, Lewis Morrison, Garland Toney, A. G. May, Joe Kendall, B. E. Robertson, Cecil Braly, J. M. Justiss, Emzy May, R. S. Francy, C. D. Taylor, Ernest White and Mrs. Lynn Bennett, hostess.

Next meeting will be held Feb. 21 in Hereford with Mrs. Kendall and Mrs. Cecil Braly as hostesses.

French Official To Speak

The consul general of France in Houston, Count Reginald de Warren, will be the guest speaker at the Diner de gala Jan. 24 of West Texas State University's French Honor Society.

The society, Pi Delta Phi, will hear de Warren's talk on the American Bicentennial in the Amarillo Club.

The 64-year-old count received his law degree from the University of Paris, and is also a graduate of the "Ecole des Hautes Etudes Commerciales" and the Saumur Cavalry School. He has served as an officer in the Foreign Legion, and joined the Free French Forces in 1942 to fight in North Africa, Italy and France.

In 1946, Warren entered the diplomatic corps, and served successively in Bulgaria, Rhodesia, England and Greece. Count de Warren was an officer at the Department of Press and Information at the Ministry of Foreign Affairs in Paris from 1965-67 before coming to serve as consul general of France in Philadelphia from 1967-70. Before his 1972 arrival in Houston, the count was a counselor at the French Embassy in Washington in charge of information and public relations.

The public is invited to attend the dinner. Student tickets are \$4.50, and adult tickets are \$5.50. For more information and tickets, telephone either 655-3696, 655-3108 or 656-3896.

Dedication Sunday At New Church Site

University Church of Christ at 400 Conner Drive will be holding dedication services Sunday, Jan. 26, at 3 p.m. for the newly opened church facility.

Dwayne Dennis, minister, invites the local congregation and other interested community residents to attend the dedication services.

Mothers March Slated Sunday

Canyon mothers will march for the March of Dimes Sunday to accept donations for MOD research and medical services.

Mrs. Orrell Vise, chairman of the march, said volunteers will canvass house-to-house for contributions. They will also distribute information about the importance of good nutrition to children yet unborn.

Library Friends Set Two Sessions

"Friends of the Library" is scheduled to meet on Thursday, Jan. 30, at 4 p.m. in the conference room of the First United Methodist Church with Boone McClure, chairman, presiding as various committee appointments are scheduled to be made.

On Tuesday, Jan. 28, at 7 p.m. in the business offices of Gene McGlasson, the constitution will be discussed and made ready for the membership's approval. Any "Friends" member may participate in the constitution discussion Tuesday evening.

Voelms Visit Son

Mr. and Mrs. J. G. 'Whitey' Voelm and daughter, Patricia, have returned from a visit to Pensacola, Fla. where they visited their son and brother, Mike, who is stationed there with the United States Navy. Mike has completed 2 1/2 years of a 4 year stationment at Pensacola and is due to have a two-week diesel school training at Jacksonville, Fla. this spring.

Visiting

Richard and Judy Pruett and their children, Ty, Kip and Kara, took a brief vacation recently to the Dallas area during which time they attended the Cotton Bowl game.

Baha'i Community Observes World Religion Day

The Baha'i community of Canyon observed the 26th anniversary of World Religion Day, Sunday, January 19.

World Religion Day was sponsored by the United States Baha'i community, and is intended to proclaim the oneness of all the great religions, and to emphasize that religion as the motivating force that will eventually prompt the establishment

WT Offers Office Course

West Texas State University is offering a 30-hour non-credit Office Skills Workshop beginning today for presently employed secretaries, office workers and those seeking employment in these areas.

The course will consist of general office skills; typing aids; shorthand refresher; filing improvement; simplified office math; spelling, grammar and correspondence skills; and office etiquette.

The course, divided into three

sections, may be taken as an individual section, groups of sections or as an entire semester course, depending upon the needs and wishes of the participant. The registration fee for each section is \$25. Enrollment will be on the first class day, at 7 p.m. in Room 105 of the University Complex South on the WTSU campus.

For more information, contact Carolyn Landram at telephone 656-3136 or Marilyn Wiswall at telephone 655-3127.

Conservatory in Amarillo.

"A deepening gloom caused by the many crises which are facing us is settling upon the country," said Dan Haskins. "People are searching in many directions for relief and answers. We feel this special day is ideal for the followers of many religions to come together for prayer and fellowship, and to bear witness to the same origin of all God's religions, and to the fact that He is the only guide for a troubled humanity."

More than a century ago, Baha'u'llah, the Prophet-Founder of the Baha'i Faith, established the central principle of His religion — the oneness of mankind. He taught also that religious truth has been revealed progressively since the beginning of time, and that His was the most recent in the series of never-ending Divine Revelations.

"Today the world of humanity is in need of international unity

and conciliation," Haskins said. "To establish these great fundamental principles a propelling power is needed. It is self-evident that unity of the human world and the 'Most Great Peace' cannot be established through political power, for the political interests of nations are various and the policies of peoples are divergent and conflicting. The very nature of racial differences and patriotic prejudices prevent the realization of unity and agreement. Therefore it is evidenced that the promotion of the oneness of the kingdom of humanity which is the essence of the teachings of all Manifestations of God is impossible except through the divine power and breaths of the Holy Spirit."

The Baha'i Faith originated in Persia in 1844. It now has followers in more than 300 countries and territories of the world. The World Center of the Baha'i Faith is located on Mount Carmel, in Haifa, Israel.

DAN HASKINS of Canyon was among those of the Baha'i Community of Canyon-Amarillo participating in World Religion Day Sunday. Local observance was held at the Activities Center of West Texas State University Sunday evening.
